

February Financials

Hi everyone attached is a quick numbers snapshot,

Parent Council still appears to have a balance of \$2,886.39. This amount does not include the incoming December 2021, January 2021 Pizza Alloro fundraiser amounts, and also does not include funds from the Scentsy fundraiser.

I was not able to see whether Forester reading fee came out as an expense yet. It does not appear to have come out of the Parent Council account yet. It appears we have hardly spent any funds. Questions remain about Jimmie Chapman, cushions purchases and if I am missing anything please feel free to let me know.

If you include the Class Trips balance, the hot lunch program funds brought in + previous balance and the parent council balance; this shows the School Council balance adds up to \$5,640.19. I imagine the Class Trips balance stays where it is and will hopefully be used in a year where class trips are a possibility.

As per Play Structure fundraising; we have received some funding as shown in the attached file. Trent Lakes Council approved a \$3,000 grant. The local Church has donated funds, and a located real estate agent, Lynn Woodcroft, has donated funds as per a current update. I am not aware or certain if anyone else has directly dropped anything off at the school.

Per the play structure; I will be searching for grants throughout the next few months, typically grants seem to start around March/April, and if anyone wishes to help in applying for grants please let me know. One grant is the Canada Post Community Foundation grant. I might have 3-4 of these lined up in the next few months.

We are also testing an online fundraising tool called rallyup.com. Just touching up with KPR School Board to make certain that this is a tool we are permitted to use and that we are using this tool correctly.

If we are permitted to use, rallyup.com appears to give us the ability to hold online raffle, sweepstakes, A-thon, event, crowdfunding, auction and sale fundraising initiatives. All of it hosted online and potential donors are given a choice on whether they want to tip the service.
